

Dear Sir/Madam

Temporary Traffic Regulation Notice - Various Roads, Melbury Osmond

We need to temporarily restrict the use the roads listed below

To enable us to safely carry out surface dressing to the road, we need to temporarily close:

The Street	29th May 2017 - 1st June 2017
Brakes Hill	29th May 2017 - 1st June 2017
Holt Lane	29th May 2017 - 1st June 2017

The scheme itself will be carried out using rolling road closures, weather permitting. Whilst each road is closed a signed local diversion will be put up to enable traffic to travel around the closed section with gatemen posted at points of closure to address any queries. No two roads will be closed at the same time.

The closure will be in place between the hours of 08:30 and 17:00 hours. The road will be open at night and on weekends. The detail of the section of road affected is on the attached plan. Allowances for school transport will be made, if you can; please provide us, in email, with vehicle registrations and a time period they could pass through the closure so we are aware.

Vehicular and pedestrian access will be maintained. However there maybe a time where public are asked to wait whilst the works pass.

A small surplus of loose chippings will remain on the surface for up to 48 hours. This will be removed by a suction sweeper.

If you want to discuss any issues regarding the closures please contact me

Yours sincerely

Steve Higgs
